Visit "[Whatever I Fear](#)" on [MotoLyrics.com](#)

There's almost nothing left
You eat my kind for breakfast
What did I expect
To come here and find anyone?
Find open arms to feed me
I sicken myself so much
And you eat my kind for breakfast
You eat my kind

Chorus:

Whatever I fear the most is whatever I see before me
Whenever I fear I let my guard down, whatever I was
ignoring
Whatever I fear the most is whatever I see before me
Whatever I have been given, whatever I have been

Seeing myself this way
I am a monster I believe
And seeing is believing
Is there no doubt left?
When I wake up I poison myself
And poison gives no appetite
I sicken myself so much
I sicken myself so

(Chorus)

Did we expect these things to change
By waking up and suddenly there they are
And all I need's a starting place
And nothing ever seemed so hard...

(Chorus)
