The sun goes down, the night rolls in  
You can feel it starting all over again  
The moon comes up and the music calls  
You're gettin' tired of starin' at the same four walls

You're out of your room and down on the street  
Movin' through the crowd and the midnight heat  
The traffic crawls, the sirens scream  
You look at the faces, it's just like a dream  
Nobody knows where you're goin'  
Nobody cares where you've been

'Cause you belong to the city  
You belong to the night  
Livin' in a river of darkness  
Beneath the neon lights

You were born in the city  
Concrete under your feet  
It's in your moves, it's in your blood  
You're a man of the streets

When you said goodbye, you were on the run  
Tryin' to get away from the things you've done  
Now you're back again, and you're feeling strange  
So much has happened, but nothing has changed  
You still don't know where you're goin'  
You're still just a face in the crowd

You belong to the city  
You belong to the night  
Livin' in a river of darkness  
Beneath the neon lights

You were born in the city  
Concrete under your feet  
It's in your blood, it's in your moves  
You're a man of the street

You can feel it, you can taste it  
You can see it, you can face it

You can hear it, hey, you're getting near it, hey  
You wanna make it, cause you can take it  
You belong to the city, you belong to the night  
You belong to the city, you belong to the night  
You belong, You belong
