She wears a blood red rose  
Her face she never shows  
Through the doorway to the window  
In the light

A vision in a dream  
And I don't know what it means  
Is it my imagination  
Or is it you?

Blue Jade comes to my room  
She won't go  
Gold shade covers the moon  
And I don't know about blue Jade

Is it fate or destiny?  
Only she does hold the key  
Fallen angel  
I am driven to your side

From the moment you are here  
I'm a man without a fear  
You're the reason, my religion  
You're my guide

Blue Jade comes to my room  
She won't go  
Gold shade covers the moon  
And I don't know about blue Jade  
And when she comes to me  
Lord I never wanna be  
Broken hearted  
Disillusioned by her smile

And I know it just can't be  
When I hear your symphony  
Am I sleeping?  
Is this really in my mind?

I can feel and I can see  
Every time she comes to me  
And I just can't believe

You're in my life

Blue Jade comes to my room  
She won't go  
Gold shade covers the moon  
And I don't know

Blue Jade comes to my room  
She won't go  
Gold shade covers the moon  
And I don't know

Blue Jade  
Blue Jade  
Blue Jade  
Blue Jade
