Yeah

Yeah

Well, I'm feelin' like you took me in
Wrapped your cursed magic over me, well, I'm holding
my day
If you vow to never cross my path
I'll give you back the shame, so you could see I'd rather
be dead

Deep down inside your dream
The evil that you make
You put my life on trial
It's a chance I have to take

Too late the rhapsody
That plays inside my head
It's dark before the dawn
My eyes are burnin' red

I've been down is where you left me
I've been down, I do not belong
Down, won't somebody help me?
Down, I did you no wrong

In your world that's hid by tinted glass
You lie behind the fragments of yourself, oh yeah
In an empty room, you hide behind the smile
That pulls me back time and time again

The pistol's in my hand
I have to let you know

I put you in the ground
Now I have to let you go

The serpent that I ride
Has put a grip on me
My pain is glorified
Why can't you let it be?

I've been down is where you left me

I've been down, I do not belong
Down, won't somebody help me?
Down, I did you no wrong

Down
Down
Down
Down

Down
Down

Deep down inside your dream
The evil that you make
You put my life on trial
It's a chance I have to take

Too late the rhapsody
That plays inside my head
It's dark before the dawn
My eyes are burnin' red

Down is where you left me
I've been down, I do not belong
Down, won't somebody help me?
Down, I did you no wrong

Down is where you left me
Down, I do not belong
Down
I've been down, I've been down
Down
