I know there's a place I see  
Your spirit keeps haunting me  
And I never worry 'cuz I do believe  
You will find me here

I'm floating through space and time  
Your love is all over the line  
Why can it be when all hope is gone?  
Then you turned around, there without a sound

Baby, Heaven's missing an angel  
Did you fall from a star like an angel from above?  
Your moonbeam smile and the warmth of love  
Heaven's missing an angel  
So much more than a woman to me  
Finally love came to set my heart free

I'm high on a silver cloud  
I see your face in the crowd  
And I know that it's only a matter of time  
Your love will come to me, your love will come to me

Baby, Heaven's missing an angel  
Did you fall from a star like an angel from above?  
Your moonbeam smile and the warmth of love  
Heaven's missing an angel  
So much more than a woman to me

Finally love came to set my heart free  
Came to set my heart  
Heaven's missing

Who am I to regret the past?  
I live and die and I want it to last  
But if I was to leave you I want you to know  
I'll be by your side 'cuz you're my soul and pride

Baby, Heaven's missing an angel  
Did you fall from a star like an angel from above?  
Your moonbeam smile and the warmth of love  
Heaven's missing an angel  
So much more than a woman to me

Heaven's missing an angel  
Did you fall from a star like an angel from above?  
Your moonbeam smile and the warmth of love  
Heaven's missing an angel  
So much more than a woman to me  
Finally love came to set my heart free

So much more than a woman to me  
Finally love came to set my heart free

[Incomprehensible] free, free  
Haven't met you, haven't met you
