Welcome baby, speak your mind
I'm waiting, won't you give me a sign?
I'm walkin' on a fine line
I'm gonna make it right this time

Soon you will discover
Now you know you're the next in line
Speak your mind

She's a prize fighter
She's the one who comfort me
I can feel we're gettin' tighter
Sweet as honey to the bee

Soon you will discover
Now you know you're the next in line
One way or another
Now it's time to speak your mind

I know you'll recover
?Cause you know that you're one of a kind
One way or another
Now it's time to speak your mind

Now you can't decide
Between the passion and pain
And you're reachin' inside

Now you're talkin' to God
When you close your eyes

You just can't let it be

Tellin' yourself that you realize
There is a reason to set you free
Now it's time to speak your mind

Soon you will discover
Now you know you're the next in line
One way or another
Now it's time to speak your mind

I know you'll recover
?Cause you know that you're one of a kind
One way or another
Now it's time to speak your mind

Soon you will discover
Now you know you're the next in line
One way or another
Now it's time to speak your mind

I know you'll recover
?Cause you know that you're one of a kind
One way or another
Now it's time to speak your mind

I'm gonna make it
I've been looking you [Incomprehensible]
