It's your decision
This is your life
This is your moment in time
The deepest incision
It cuts like a knife
I'm waiting for some kind of sign

And you can't seem to find the door
You'll be searchin' for evermore

This is the movement
These are the times
These are the golden days
You give your commitment
You're full of desire
Are you ready to change your ways

Are you taking the easy way out
I can feel that your mind is in doubt
I will tell you again that the road never ends

Talkin' to messiah
Talkin' to messiah, I'm talkin' to you
Talkin' to messiah
Talkin' to messiah, I'm talkin' to you

Here is my spirit
Here is my flesh

Here is my body and soul
There is too many choices
There's too much to lose
And I want to know why you're cold

Are you taking the easy way out
I can feel that your mind is in doubt
I will tell you again that the road never ends

You know it's a shame
Buy your not to blame
You keep holding on
And you can't be wrong

It's a shame
Do you feel the same
You're caught in the rain
And don't look back
And you want so badly
Again

Talkin' to messiah
Talkin' to messiah, I'm talkin' to you
Talkin' to messiah
Talkin' to messiah, I'm talkin' to you
