I know that something is wrong
And I know it's for real
I don't know what I've become
And what do I feel?
Is it for real?

Stranger than fiction, I'm lying in fear in my room
This is the chosen, I'm leaving the pain
The black cloud is fallin' again
The black cloud is fallin'

And he takes me higher, 2 the state I'm in

I'm looking down on the earth as we sail Ã,ÂiÃ,Â®cross
the sky
I'm not alone anymore
And I don't wonder why, wonder why
Locked in this dream
I'm dying 2 open my eyes

Lost in the sadness
Now I'm overcome
The black cloud is fallin' again
The black cloud is fallin'

This is the chosen, I'm leaving
The black cloud is fallin' again

Cast in the sadness
Face with no name
The black cloud is fallin' again

Cast in the sadness
Face with no name
The black cloud is fallin' again

Cast in the sadness
Face with no name
The black cloud is fallin' again

Cast in the sadness
Face with no name

The black cloud is fallin' again
