You've been misled  
By the thoughts in your head  
Entangled with your dark endeavor  
Your angels tread  
And the blood has been shed  
I'm telling you it's now or never

Lost in a stream  
With you own malady  
For as long as you know  
And forever  
In god you depend  
When it comes to the end  
Such a long way to go  
Such a long way to go

The valiant denial  
The great untold  
The valiant denial  
The lies unfold  
The valiant denial  
The great untold

I wonder why  
And you never reply  
It's always the same with your ego  
Caught in a lie  
I just cannot rely  
You're filled with the shame  
But you don't know

You raise the shield  
You will never be healed  
Such a long way to go  
Such a long way to go

The valiant denial  
The great untold  
The valiant denial  
The lies unfold  
The valiant denial  
The great untold
