Jamie wears a pistol, she's walkin' with her gun  
She's sleepin with a crystal by her side  
Andy, he's a rider, a rider 'til he die  
He will ride the planet one more time

The world is broken  
The world is broken

There's a hole in the river  
There's a hole in the sky  
As I turn my face to the sun  
There's a full moon risin' for the third time today  
The universe has come undone

Billie is a lifeguard, he sure do love the sun  
He will be my brother all my life  
Roger, he's a surfer, surfer #1  
He's gonna ride the big wave one more time

The world is broken  
The world is broken

Cindy, she's a joker, she was born that way  
I can see her smilin' on the moon  
Lol, he is a poet, how beautiful the noise  
He'll live the final chapter one more time

The world is broken  
The world is broken

The world is broken  
The world is broken

The world is broken  
Broken on me and you
