I'll keep the present that you bring  
You know it's part of everything  
Your perfume lingers in the air

There is nothing left to do  
You know it's me, I know it's you

You are the ghost in every room  
You always take away the gloom  
You are no ordinary friend

There is nothing left to do  
You know it's me, I know it's you

I'll sacrifice myself  
Now don't you go away

This house  
Has never known the sadness  
And it's,  
This house  
It doesn't hold a secret  
Anymore  
It was built on love

I'll bring a rose and juniper  
We'll float away across the earth  
High on a cloud we live as one

There is nothing left to do  
You know it's me, I know it's you

This house  
Has never known the sadness  
And it's,  
This house  
It doesn't hold a secret  
Anymore  
It was built on love

I'm wondering why  
I wanna see your face

Cuz I can't take it anymore

We're lost in a time  
And it's so hard to fake it  
Will you open up the door?  
This house  
Has never known the sadness  
And it's,  
This house

This house  
Has never known the sadness  
And it's,  
This house  
It doesn't hold a secret

And it's,  
This house  
It doesn't hold a secret  
Anymore  
It was built on love
