When the sky was burning red
When the mountains crumble and fall
And I was out of my head
That's when I heard you call

I can feel a change in the weather
I put my feet on the ground
I had to pull myself together
I'm gonna tell you what I found

Better man, I know
Better than before
Won't you let me go
And let the river flow

When the sea did cover the land
And you did not believe in fate
Come to me and give me your hand
Only a fool would hesitate

Now you can call me brother
'Cuz I've been away too long
There's one way or another
'Cuz I never felt so strong

Better man, I know
Better than before
Won't you let me go
Let the river flow

So walk with me, my friend
'Cuz I want you to see
And I cannot pretend
'Cuz I just gotta be

I can feel a change in the weather
I'm gonna tell you what I found

Better man, I know
Better than before
Won't you let me go
And let the river flow

Better man, I know
Better than before
Won't you let me go
And let the river flow

Better man
Better man
Better man
