The time has come again  
Throw a kiss and lose a friend  
Some things are just better left in the past

Tomorrow never knows  
Passes by, it comes and goes  
Can you tell me how long will love last?

I'll remember you and me  
And how it felt inside  
I guess it wasn't meant to be  
But it's so hard to say goodbye

Why do the winds of change carry us away?  
They leave us lost and torn apart  
What are we searching for?  
Never sure, wanting more

Maybe that's the mystery of the heart

Love is rare and life is strange  
Nothing lasts and people change  
Memories that time just can't erase, no, no

Wish I could go back, I know  
How I want to hold you so  
I'd give anything to see your face  
Lonely dreams of yesterday  
Like footprints in the sand  
I wish that I could find a way  
But I'll never understand

Why do the winds of change carry us away?  
They leave us lost and torn apart  
What are we searching for?  
Never sure, wanting more

Maybe that's the mystery of the heart  
Maybe that's the mystery of the heart

Can you tell me?  
Why do the winds of change carry me away?

They leave us lost and torn apart  
What are we searching for?  
Never sure, wanting more

Maybe that's the mystery of the heart  
Maybe that's the mystery of the heart  
Maybe that's the mystery of the heart

Mystery of the heart  
Mystery of the heart  
Mystery of the heart
