I used to see you on the avenue
You were the girl that let me follow you
You used to hang out in the alleyway
You sewed a button on my shirt one day

I asked around until I found your name
Then underneath the arches in the pouring rain
I said, "You
(Yeah, you)
I want you
Every step of the way"

I know that things are gettin' better
I know it's gonna be okay
So baby don't go, I ain't gonna let ya
I wanna be with you every step of the way
Every step of the way

Do ya wanna, do ya wanna, do ya wanna dance?
Take a chance, baby, take a chance
I'll be with you every step of the way
I'll even show you how to strut one day

Ain't got a girl and it's a crying shame
'Cause I can't figure out who's to blame
I want you
(Yeah, you)
I want you
Every step of the way

I know that things are gettin' better
I know things will be okay
So baby don't go, I ain't gonna let ya
I wanna be with you every step of the way
Yeah, every step of the way

I know, things are gettin' better
I know things will be okay
So baby don't go, I ain't gonna let ya
I wanna be with you every step of the way
Every step of the way

Every step of the way
(Every step of the way)
Every step of the way
(Every step of the way)
Every step of the way
(Every step of the way)
