For you

Wear a disguise, I see it in your eyes  
Afraid to give once a heart willing to try  
The love you had found again would let you down  
Locked away now a heart longing to die

So unsure and feeling insecure  
Your heart just can't endure to rise above and fly  
Set you free to bring you back to me  
The promise that you'll be keeper to my, my heart

Now on we go to where no one knows  
But I know that I love you even more  
Tears we cry, asking myself why  
Did I let the only one that I love go, ho

You were meant for me  
Darling, can't you see?  
This is your song, oh oh

Yeah yeah

Now where you are forever seems so far  
Feels like I could never love again  
Wishing you were here to take away my fears  
Life without you's a pain I couldn't bare

So afraid, you'd hurt if I had stayed  
Despite all you had gave, I held it all inside  
Gave your all but soon I'd let you fall  
Not meaning to at all  
I realized, can't deny

Now on we go to where no one knows  
But I know that I love you even more  
Tears we cry, asking myself why  
Did I let the only one that I love go

You were meant for me  
Darling, can't you see?  
This is your song, your song

Yeah yeah  
Yeah yeah

Follow me, I'll show you the way  
To a brighter day upon the wings of our love
