This is a story 'bout a day that came not long ago  
About this girl I met her name's Yvette that you might  
know  
This girl was bad she left me sad not knowing what to  
do  
She was all wrong for me no matter what had to be free  
but  
She made it seem like she wanted to be with me  
Playin' tricks on me tell me

(Is it true?)  
The things that people say you do  
(Is it true?)  
My man said he hit it too, tell me  
(Is it true?)  
You've only like me for what I can do  
(Is it true?)  
You're not feelin' me like I'm feelin' you

Even though I try I can't deny  
Way she look making me weak  
But word is she's a freak  
Things I heard man I could hardly speak

They say don't believe everything you hear  
So what the deal my dear  
I gotta know the way to go  
And how to deal with this right here

(Is it true?)  
The things that people say you do  
(Is it true?)  
My man said he hit it too, tell me  
(Is it true?)  
You've only like me for what I can do  
(Is it true?)  
You're not feelin' me like I'm feelin' you

(Is it true?)  
Tell me baby  
What you said to your girl friend  
Tell me is it true

(Is it true?)  
Is it true, is it true  
(Is it true?)  
Yeah, yeah, yeah

Caught up with a never pictured things'd ever ended  
up this way  
With the games you play  
Had me believing only scheming in the end was just to  
get your way  
Still I need to hear you say

(Is it true?)  
Tell me is it true, is it true  
(Is it true?)  
Are you lying to me baby yeah  
(Is it true?)  
He did right, he did right  
(Is it true?)

(Is it true?)  
The things that people say you do  
(Is it true?)  
My man said he hit it too, tell me  
(Is it true?)  
You've only like me for what I can do  
(Is it true?)  
You're not feelin' me like I'm feelin' you baby tell me

This ain't right have me hangin on  
Say you ever won't baby  
Oh yeah is it true? Is it true? Is it true  
Tell me you've got me here inside information
