Like a rose without water
The sun from the sky
It surely soon will die
oh yea yea
Like a car without tires
With no engine inside
Don't expect it to drive

ohh

No it wouldn't be the same
If you've ever been away from me
it would bring a raincloud over my head
No it wouldn't be the same
If i couldn't make love to you
or came home to an empty bed

Theres no way that this love could be over(no,no)
We've come too far (we've come too far)
Couldn't imagine me living without you (couldn't
imagine me living without you baby)
Baby we've come too far
We've come too far

If i wake up in the morning
and you're not by my side
Tears would fill my eyes
Would you knock down this castle
We built into a home
and bury me alive?

(there's no way)theres no way that this love could be
over(no way yea)
we've come too far(we've come to far)
couldn't imagine me living without you(couldn't
imagine me living without you baby)
baby we've come too far
we've come too far

theres no way that this love could be over(after all the
time i spent)

we've come too far (and after all the time you spent
baby)
couldn't imagine me living without you (we cant let it
end like this)
baby we've come too far(oh no,oh no)
we've come too far (we've come too far)

ooo we've got the whole world in her hands
so we cant just drop the ball
no we cant just drop the ball(i cant let it end like this)
oooo see id rather have a little love
than to have nothing at all (have nothing)
than to have nothing at all(i would have nothing)

theres no way that this love could be over(cant let it
end like this no,no)
we've come too far (we've come too far)
couldn't imagine me living without you(i can't imagine
me living without you baby)
baby we've come too far
we've come too far(we've come to far)

theres no way that this love could be over (tonight we'll
be able to work it out)
(you and me)we've come too far (we're meant to be
together)
couldn't imagine me living without you(always)
(we can make it through an situation) baby we've come
too far
we've come too far

ooooo oooo oooooooooo
our loves too strong
