Feat Ray Parker, Jr.

Oh!...

I got these friends  
They walk around so considered  
Bragging to the end, like a car and clothes is all that's  
needed  
What about the simple part  
Give out of the heart?  
Without love, it's never gonna be enough  
I got the toys, I got the car, I got the friends, but  
Hanging with the boys  
Is not the kind of time I want to spend, but  
I know there's something more  
Something I've been waiting for  
I knew it was true  
The moment I saw you

In my heart, in my head, in my life, in my bed  
All I'm missing is you  
Every day, every night of my life would be right  
All I'm missing is youh...  
Oh girlall I'm missing is youyeah

Doing all I can  
But every since I met you baby  
I'm a travelin man  
If only else real love can save me  
I'm reaching out to you  
Baby what else can I do  
But it's gonna be right  
To get you into my life

In this crazy world  
I've been searching for the answer  
The I saw you girl,  
I found out what my hearts been after  
Could have been another day  
But if I looked the other way  
Then I couldnt have known  
What I've been missing all along

In my heart, in my head, in my life, in my bed  
All I'm missing is you  
Every day, every night of my life would be right  
All I'm missing is youh...  
Oh girlall I'm missing is youyeah

With all that I know  
Still this-- Fill me with you  
Girl, you know, I got it going on  
But all I'm missing is you  
You baby, oh yeah, all I'm missing is a-you!

In my heart, in my head, in my life, in my bed  
All I'm missing is you  
Every day, every night of my life would be right  
All I'm missing is youh...  
Oh girlall I'm missing is youyeah

I need your lovin -- give me that love  
Gimme that lovin

In my heart, in my head, in my life, in my bed  
All I'm missing is you  
Every day, every night of my life would be right  
All I'm missing is youh...  
Oh girlall I'm missing is youyeah

Wish you in my head  
Wish you in my bed, babe  
Wish you in my head  
Wish you in my bed, babe
