If I had to live my life without you near me

The days would all be empty

The nights would seem so long

With you I see forever oh so clearly

I might have been in love before

But it never felt this strong

Our dreams are young and we both know

They'll take us where we want to go

Hold me now, touch me now

I don't want to live without you

Nothing's gonna change my love for you

You ought to know by now how much I love you

One thing you can be sure of

I'll never ask for more than your love

Nothing's gonna change my love for you

You ought to know by now how much I love you

The world may change my whole life through

But nothing's gonna change my love for you

If the road ahead is not so easy

Our love will lead a way for us

Like a guiding star

Ill be there for you if you should need me

You dont have to change a thing

I love you just the way you are

So come with me and share the view

Ill help you see forever too

Hold me now, touch me now

I dont want to live without you
