So, you're the one
Well, how do you do?
Well, I'm the one who waited for you
I wondered how I'd know you
My heart said leave it to me
And here you are which goes to show you
How smart a heart can be

So, you're the one
Well, what do you know?
Say I'm the one who needed you so
I don't know where you came from
But I'm awfully glad you're here
Just like that I loved you
So, you're the one my dear

So you're the one
Well, how do ya do?
How do you do?
Guess I'm the only one that waited for you
I wondered how I'd know you
My heart said leave it to me
To combine every little thing
Goes to show how smart a heart can be

You're the one
Well what do you know
Say, I'm the one who need you so
I don't know where you came from
But I'm awfully glad you're here
Just like that I loved you
Couldn't blame the stars above you
You're the one
