Every move you made before
Was never meant for real
Over my naivety
Is this how I should feel?

Burning with my own desire
Visions that all seem so clear
Now I see this in your eyes
They'll never ever be another one

Don't tell me lies
Don't tell me lies

Looking back I realize
It's always been this way
We must note what has gone
And never turn away

When desire takes hold of me
What I've seen just sets me free
Now I see this in your eyes
They'll never ever be another one

Don't tell me lies
Don't tell me lies
Don't tell me lies

Broken loose from indecision
Now I'm alright on my own
Still I wait from your confession
I guess I'm alright on my own

Don't tell me lies
Don't tell me lies

Don't, don't, don't tell me
Don't, don't, don't tell me
Don't tell me lies
