Take me to infinity (Whoa oh)  
If we could stop time tonight then there would be no  
goodbye  
Take me to infinity (Whoa oh oh)  
Don't let me go, don't you dare close your eyes

Take me to infinity (Whoa oh)  
Keep the beat between your teeth, it's relentless and  
real  
Take me to infinity (Whoa oh oh)  
And take everything, all the time you can steal

And it felt like,

Ooo ooo ooo ooo(x4)

Take me to infinity (Woah oh)  
Sparkle and shine, baby light up the sky  
Take me to infinity (Whoa oh oh)  
I'll feel up your soul in the dark if you're shy  
Take me to infinity  
Out of control at the speed of this light  
Take me to infinity  
A never ending ride so we'll never die

And it felt like,

Ooo ooo ooo ooo(x4)

Take me to infinity  
Don't you dare close your eyes(x2)  
Whoa oh oh!

Take me to infinity (Whoa oh)  
Trust what you feel cause your eyes will deceive  
Take me to infinity (Whoa oh oh)  
Come on and melt your body, let your hips hit your  
knees
