I hope you know I swear to god
I hope you know that this won't stop

I hope you know I swear to god
I hope you know that this won't stop

I hope you know I swear to god
I hope you know that this won't stop
(God damn, just another heartbreak)

I hope you know I swear to god
I hope you know that this won't stop
(God damn, just another heartbreak)

I swear to god I won't stop until your shakin
[Trust me baby you know I want you to]
And let me slide it into you please baby
[And if you're screamin, then I'm screamin too]
If you want it let me bring it, let me sneak into your
house tonight

[Breathe in]
And I'm coming to these terms that my heart won't beat
anymore
[I just can't get it]
Sing along sing if you want, ten more seconds till we're
through the door.
And it's a dance party everyone's looking for, been
drinkin tonight and I won't stop, when it's a quarter to
four daylight is breakin

I swear to god I won't stop until your shakin
[Trust me baby you know I want you to]
And let me slide it into you please baby
[And if you're screamin, then I'm screamin too]
If you want it let me bring it, let me sneak into your
house tonight

I'll call you in the morning if you think it's right
Is it over? is it over...
It was a dance party, everyone looked just right, I

played you all night, would you believe me if I told you
that I want you, and everyday I felt this way? would you
take me to the place you know the one that leaves me
all alone... wait right here just for a minute we'll talk a
little just about it
I will take it slow, I won't let you go.

I swear to god I won't stop until your shakin
[Trust me baby you know I want you to]
And let me slide it into you please baby
[And if you're screamin, then I'm screamin too]
If you want it let me bring it, let me sneak into your
house tonight

I swear to god I won't stop until your shakin
And let me slide it into you please baby

I swear to god I won't stop until your shakin
And let me slide it into you please baby
