You Asked For It, You Paid For It
Get What You Deserve
You Wanted It The Benefit
How Does It Feel, Worse?
Your Good As Gold Around Your Neck
Look Over Your Shoulder
Your Conscience Kills Your Constant Thrills
Shallow Makeover.
Hide In Your Eyes
Dancing In The Bright Lights
Take Out The Knife
This Brush Just Doesn't Feel Right
Hide In Your Eyes
Mirrors Tell The Worst Lies
Cover It Up.
Split At The Ends And Lost At The Teeth
Foundation Is Older
And Still Your Paid From The Cuts You've Made
Shallow Makeover.
Your Good As Gold
Your Conscience Kills
Spit At The Ends
How Does It Feel?
