"Anybody Inside"

Visit "[Anybody Inside](#)" on MotoLyrics.com

It's just a part of lust..... it's just a part of lust

There's something I can't hold in my hands I'm looking
for love

A trippin' nothing chemically cut equipped from a
heartache lie

Cool kids are coming back for the love oh tonight
I hurry in compromise it's the kicks but they're coming
back oh to ride

Is anybody..... inside, is anybody inside of you?

Kiss on the mile high club darlin' I wanna get back and
high

I wanna dance to the midnight hour girl I wanna kiss
you every night

Is anybody..... inside, is anybody inside of you?

Is anybody..... inside, is anybody inside of you?
