"Innocent Eyes"

Nicotine brown, its there a sullen part of you
Ten times I'm beggin' for the truth
Is this the horse's bitter end?
For me for you - that's all we do

Innocent eyes, innocent eyes.....

In your head, well it all boils down again
Nicotine brown, is this the part of you that hears

Is this living, all your fears?
Ten times I'm fallin' to the floor
For me for you that's all we do

Nicotine brown, I like the sound of it again
Just like the horse's bitter end

It's all I want to say to you
For me for you that's all we do

Innocent eyes, innocent eyes
