Don't understand why you look so cool
You got that jacket ya got those shoes
When you're talking to her with the right
Haircut, she'll fall into your arms with
Ungodly trust... so when you rush rush
Rush, you can't come down, your life

Means nothing no ones around
When you're talking to her and you
Can't understand your life means
Nothing you just can't find it... love

Down by the waters edge
You're kissing the blvd.

Don't understand you look so fooled
Ya got that jacket ya got those shoes
When you're talking to him and ya don't
Know why you're fallin you're fallin
Right from the sky...

Kissing the blvd....kissing the blvd

The parachute opens when you
Hit the ground and ya talking to her
Ya can't understand ya life means
Nothing just can't find it..... love

Down by the waters edge
You're kissing the blvd
