Your inside it's outside tonight tonight  
Holding hands in the rain I guess it's killing me  
Lonely hearts they touch tonight tonight  
Under the gun again tonight tonight

Lovers in the bathroom  
Lovers on the floor  
Making love forever  
Forever more

Lost souls in holes the sky the sky  
Where did she go you know into a part of me  
She loves to fall against the clouds the clouds  
Folding souls in holes tonight tonight

Lovers in the bathroom  
Lovers on the floor  
Making love forever  
Forever more

Lovers in the bathroom lovers on the floor...
