Here it goes....

The best times always seem to last

Ooh ooh ooh

Then we lie lie lie

To get you you you

On our side side side

Hey kids what's this all about

Hey kids what you can't see now

Ooh under the covers ooh

Somewhere in heaven

Somewhere in heaven

It's somewhere in heaven... somewhere

Ooh ooh ooh

And we start start start

And we go go go

And we lie lie lie

Hey kids what's this all about

Hey kids what you can't say now

Ooh under the covers ooh under the covers

And you can't find why... why

Somewhere in heaven

Somewhere in heaven

It's somewhere in heaven... somewhere
