"Alive"

Visit "[Alive](#)" on [MotoLyrics.com](#)

There you are
Prisoner of a darker sky
Just another day
Find another way
To get through another day alive

But i know that deep inside
Yes i know it isn't time
To cut the chains and run

CHORUS

I wanna feel the blood flow inside me
Just to remind me that i'm alive
I wanna tear down the walls that surround me
the city that drowns me Keeps me alive

Hear me now
One last word til i say Goodbye
Look the other way
why the price i pay
to get through another day alive

Now i know its all a lie
If i fail i will survive
and cut the chains and run

CHORUS x2

Guitar solo

CHORUS til end
