Until the day I see your face  
In the mirror  
Until the day I smell your breath  
On my pillow

Until the day I turn to gray  
I will be calling  
Until the day the lies come back  
I'll be waiting here

I'll be waiting here  
I'll be waiting here  
I'll be waiting

'Cause I was always inside  
(I was inside, was always inside, inside, always inside)  
'Cause I was always inside  
(Inside, was always inside)  
I will be waiting

I am the one who fell to earth  
While lying on a cloud  
I am the one who brought you truth  
When you were living lies

I am the one who took the blame  
For all your failings  
I am the one who took the pain  
That's why I'll be waiting here

I'll be waiting here  
I'll be waiting here  
I'll be waiting

'Cause I was always inside  
(Inside, was always inside, inside, always inside)  
'Cause I was always inside  
(Inside, was always inside, inside, always inside)

'Cause I was always inside  
(Inside, was always inside, inside, always inside)  
'Cause I was always inside

(Inside, was always inside, inside, always inside)  
Inside

'Cause I'll be waiting here  
I'll be waiting here  
I'll be waiting

'Cause I was always inside  
(Inside, was always inside, inside, always inside)  
'Cause I was always inside  
(Inside, was always inside, inside, always inside)

'Cause I was always inside  
(Inside, was always inside, inside, always inside)  
'Cause I was always inside, hey  
Was always inside, was always inside
