"Know That You Know"

Visit "[Know That You Know](#)" on MotoLyrics.com

Yeah
Save me from myself
Won't you take me off the shelf?
Help me off the ledge
Won't you push me off the edge?

I keep falling, keep on falling, deeper down again
I keep falling, you keep on falling, deeper down again
We keep falling, keep on falling, deeper down again
So you know that you know

Save me from my head
Won't you take me before I'm dead?
Help me off the ledge
Won't you push me off the edge?

I keep falling, keep on falling, deeper down again
I keep falling, you keep on falling, deeper down again
We keep falling, keep on falling, deeper down again
So you know that you know

I keep falling, keep on falling, deeper down again
I keep falling, you keep on falling, deeper down again
We keep falling, keep on falling, deeper down again
So you know that you know
