Makinig ka sa aming mga
Sinasabi mga salitang mula sa
Aming mga labi tayo nang
Gibain pader na naghihiwalay
Sa damdamin ng bawat isa sa
Ami'y sumabay sumunod
Magbuklod tumunog parang
Kulog gumalaw sumigaw
Bumuo ng isang bilog na di
Kayang paghiwalayin ng
Ano mang mga bagay saming
Pagkakaisa'y hahadlang hindi
Nila kaya tayong itumba
Kapit kamay sabay sabay sa
Pagtawid sa tulay si niyo
Kayang pigilan at lalong
Hindi mabilang kapag
Nagkasamasama kami ay
Nagmimistulang alon sa tubig
O putik na di pwedeng mapunit
Sama sama sa kung anumang
Nais naming iguhit ang aming
Palad nag kalat sa bersikulong
Ito na aking isinulat

Bridge the gap spread the love
Light the torch raise the flag

Ang pag ibig ay liwanag
Ang liwanag ay pag ibig

Bridge the gap spread the love
Light the torch raise the flag

Bawat butil ng buhangin na di
Niyo kayang bilangan halika

Bridge the gap spread the love
Light the torch raise the flag

Ang pag ibig ay ialay natin sa
Ating kapatid

Bridge the gap spread the love
Light the torch raise the flag

Magsama samang isugod bandilang
Hawak ating itaguyod

I'm calling
On every human soul that is
Breathing friends and foes those
Who still have dreams let's get
Together and make the fire
Bigger capitalized in the power
And the strength we'll have in
Numbers set aside the pride that
Makes us hate our very own
Brothers see beyond the colors
To discriminate only limits us
So stop your pointing of fingers
We all make mistakes we've been
Victims instead lets fix this
Rebuild things where we had
Failed cuz it's not yet too late
To bury the hatchet let's not be
Divided raise and wave the flag
Up high where the blind can see
It's spread the love and reach
Out to the people whom they
Have forgotten and believe that
We can make it have faith join
The battle the crusade against
The system remember that the
Bigger the fire the bigger the
Chance we can make a difference
This is urgent time to start is
Now and not later open your eyes
Awaken

Bridge the gap spread the love
Light the torch raise the flag

Ang pag ibig ay liwanag
Ang liwanag ay pag ibig

Bridge the gap spread the love
Light the torch raise the flag

Bawat butil ng buhangin na di
Niyo kayang bilangan halika

Bridge the gap spread the love

Light the torch raise the flag

Ang pag ibig ay ialay natin sa
Ating kapatid

Bridge the gap spread the love
Light the torch raise the flag

Magsama samang isugod bandilang
Hawak ating itaguyod

United we stand
Divided we fall a nation of
Procrastinators and debaters
Negates us all a call for
Oneness in times of unrest mic
Check I'm looking for a mic to
Bless as I address the people
Created equal you can't
Show good without showin
Evil thoughts prevail guard
Your heart hold it captive
The most deceptive is so
Attractive jwalousy and
Envy soldiers of hatred
Double bladed serrated edges
Broken vows and empty
Pledge driven wedges meant
To separate views a culture
Of hate is in the frontpage
And in the news battered
And bruised in an abusive
Society a media check this is
A call for sobriety some try
To be tough some of us try
To be saints some try to
Bluff their way out of the
Game I came into this world
With purpose the world
Deserve much more than
Scrap our surplus scratch the
Surface dig deep inside the
Soul speak the truth and it
Shall be told what you reap
Is what you sow cuz in the
End it's still rock and roll
Grab a hold on the mic grip
Tight and I spit positivity
For the pit hit me I said hit me

Bridge the gap spread the love

Light the torch raise the flag

Ang pag ibig ay liwanag
Ang liwanag ay pag ibig

Bridge the gap spread the love
Light the torch raise the flag

Bawat butil ng buhangin na di
Niyo kayang bilangan halika

Bridge the gap spread the love
Light the torch raise the flag

Ang pag ibig ay ialay natin sa
Ating kapatid

Bridge the gap spread the love
Light the torch raise the flag

Magsama samang isugod bandilang
Hawak ating itaguyod

Alam mo di ko lang
Malaman kung bakit may
Mga taong kailangang
Mag away bakit di na lang
Magkapit kamay...
At magpakumbaba sa iba'y
Huwag mandura piliting
Huwag mangutsa wala ka
Namang mapapala mga
Sinasabi mo mga sinasabi ko
Pero kung magkakasabay ay
Talagang magulo bakit di
Mo pakinggan ang iba ay
Pagbigayan kung lahat
Naririnig ito'y maintindihan...
Sama samang sumigaw isang
Boses tayong gumalaw sa
Init ay hindi maginaw kahit
Na anong mangyare sa atin ay
Wala ng bibitaw sakín ay makinig
Kahit patagilid huwag mahiya
Na sa iba'y bumuli bago pa
Wakasan ang awit na aming
Inihatid kahit sa sinulid kaya
Mong tumawid...
Sa pagkalabit ng
Gatilyo sumabog ang unang
Putok alam niyo naman

Marahil kung bakit
Nagkakaganito ang
Bayan natin ilang daang taon
Na inalipin mata sa mata
Ipin sa ipin...

Bridge the gap spread the love
Light the torch raise the flag

Ang pag ibig ay liwanag
Ang liwanag ay pag ibig

Bridge the gap spread the love
Light the torch raise the flag

Bawat butil ng buhangin na di
Niyo kayang bilangan halika

Bridge the gap spread the love
Light the torch raise the flag

Ang pag ibig ay ialay natin sa
Ating kapatid

Bridge the gap spread the love
Light the torch raise the flag

Magsama samang isugod bandilang
Hawak ating itaguyod.
