Ohh
Ohhh
Ohh
Let me tell you how I feel about u girl
You're my friend, my lover, my world
Your the air that I breathe
Your what I need like a car needs gas
Girl you mean so much to me
When I'm out on the streets at night
You don't have to worry it's alright
Eventhough we argue, we fight
We kiss we makeup
We always work it out cuz
You mean so much to me and
I love the way that you walk
Your smile your sexy talk
Make me wana act out crazy thoughts
O lord I can't stand but it ain't your fault
Anything u ask for u got it it's yours
The keys to the crib and all of the doors
I hate to be away from u for too long
So I gotta hurry up so I can get back home
Cuz I'm so gone
I'm so gone (I'm so gone)
So gone over you
I'm crazy over you baby

I'm so gone
U ain't gotta tell me cuz I already know
Take the burden off your shoulders let the pressure go
You don't owe me an explanation
We're in uh situation that gave us the inspiration to
grow
I cu say a few things that I don't like bu I can say
A million things that changed my life
Changed my life
I'm so gone
Now we just gotta hold on
And go strong
I love the way that you walk
Your smile your sexy talk

Make me wanna act out crazy thoughts
Now you got me staring bu it aint your fault
Anything you ask for you got it it's yours the keys
To the crib and all of the doors hate to be away from
You for too long so I gotta hurry up so I can get back
home
I'm so gone so gone over you
Baby baby I'm so gone so gone over you
Got me going crazy don't you know you got me goin
crazy
Let me take the time to let you know I can't see myself
With no one else but you no one you're the sun and girl
I ride with you
So gone so gone so gone I'm so gone so gone said I'm
so gone over you
Crazy over you
So gone
So gone
Over you
You aint even gotta tell me baby take the burden off
your shoulders baby
So gone
So gone
So gone
Over you you
Said I'm crazy over you
And I'm so so soo gone over you
So gone
Over you baby
So gone
Over you baby
