I've been alone inside myself, far too long  
Never really wanted it that way but I let it happen  
If I could do it all again, my life would be  
Infinitely better than before, I wouldn't waste a moment

Make time for laughing with my friends  
Make love, make music, make amends  
Try to make a difference, try to love, try to understand  
Instead of just givin' up, I'd use the power at my  
command

But there's always tomorrow to start over again  
Things will never stay the same  
The only one sure thing is change  
That's why there's always tomorrow

I guess it took a little time for me to see  
The reason I was born into this world and what I'd have  
to go through  
Before I'd finally realized that I could be  
Infinitely better than before, definitely stronger

I'll face whatever comes my way  
Savor each moment of the day  
Love as many people as I can along the way  
Help someone who's given up, if it's just to raise my  
eyes and pray

But there's always tomorrow to start over again  
Things will never stay the same  
The only one sure thing is change  
That's why there's always tomorrow

Before your last setting sun  
And everything your heart has longed for  
Has yet to be one

Yes there's always, always, always tomorrow  
Though people come and they go  
But if you've brought some love to their lives  
Then you've got somethin' to show, oh

There's always, always, always tomorrow to start over  
again  
Things will never stay the same  
The only one sure thing is change  
That's why there's always, always, always  
Always, always, always, always tomorrow
