Kiss me...hold me...touch me
Don't let this moment end...
Please...don't let this moment end
At least 'til once again
Our hearts can be together
Please...i've never let you go
But still I need to know
That this night will last forever
Oh please
You know you own my heart
Just tell me where to start
Don't make me wait much longer
Oh please
I know tonight's the night
It never felt so right
Just hold me in your arms...and
Kiss me
Hold me
Touch me
Don't let this moment end...
Please...i'm begging you to stay
Just throw the world away
Pretend there's no tomorrow
And I...will never leave your side
(never leave your side)
Never let this feeling die

Just let our love grow stronger
(let it grow stronger and stronger)
Oh please
You know you own my heart
Just tell me where to start
Don't make me wait much longer
Oh please
I know tonight's the night
It never felt so right
Just hold me in your arms...and
Kiss me...
Hold me...
Touch me...
Don't let this moment end...
Can we make this moment last forever

Tell me if you feel the way i do
Ohh...
Don't let this moment end...
Never end...
Please
You know you own my heart
Just tell me where to start
Don't make me wait much longer
Oh please
I know tonight's the night
It never felt so right
Just hold me in your arms...and
Kiss me...
Hold me...
Touch me...
Don't let this moment end...
Oh please
I know tonight's the night
It never felt so right
Just hold me in your arms...
And kiss me
