Hotel Nacional  
Dress, very chic  
One, two, daiquiris  
Dancin' to the Cuban beat  
White pearls, teased up hair  
Lipstick's red, to make 'em stare  
Drama's on like Susan Lucci  
It's time for Hoochie Coochie

Say goodbye to the sunlight  
We own the nighttime, yeah

Two-toned shoes, favorite dress  
Need no diamonds to impress  
Red and white coupe Chevrolet  
Paparazzi flash away  
I'm feeling VIP  
It's the only way to be  
Going for gold like Yamaguchi  
It's time for Hoochie Coochie

Say goodbye to the sunlight  
We own the nighttime, yeah

Champagne, caviar, no wedding mess  
You and me, no need to guess  
So many nights to share  
Official love affair  
Voilà we're in Paris  
Oui, Je t'aime, "Ça c'est la vie"  
Think "Last Tango," Bertolucci  
It's time for Hoochie Coochie
