I've been waiting for somebody
To satisfy my needs
Someone who will be my lover
Someone that I can please
I just don't know where to find him
I don't know where to go
All I know is this urge inside me will
Drive me up the wall

I need a man who will love me
I need a man that I can make love to
I need a man who will please me
My whole life long

I'm not waiting any longer
I'm running out of time
You can't spend your whole live dancing
You've got to have some fun
My body is screaming for some action
Don't you understand
Tonight I need someone to love me
Tonight I need a man

I need a man

Who will love me
I need a man
That I can make love to
I need a man
Who will please me
My whole life long
I need a man

I want a guy that I can call my own
A boy who's kisses get me out of control
A guy to kiss me everything that I need
You've gotta find him, I'm beggin' ya please
I need a, I need a, I need a, I need, I need,
I need a man
Come on, I want you, I want you,
I've got to have you
I want a guy that I can call my own

A guy to kiss me everything that I need
Come one, I want you, I need you
I've got to have you
I want a guy that I can call my own
