Something deep inside of me
Keeps holding on to your memory
How i've tried to find someone new
But everywhere i look it's you that i see
Don't you know that my whole life has changed
I can't look at the past without feeling the pain
And at night all alone i just cry
And i hope, and i pray you'll be
Back by my side

I need your love
Every day seems forever without you
I need your love
Tell me that you'll come back to me
All my friends tell me
I'll be ok
That someday i'll forget you
And i'll love once again

But someday seems so far away
And i know i won't make it without you in the end
Tell me how can i go on this way
Knowing that someone else could be
Taking my place
Tell me where in the world would i be
If i wake up each morning and you're not here with me

I need your love
Everyday seems forever without you
I need your love
Tell me that you'll come back to me
I need your love
Every day seems forever without you
I need your love
Tell me that you'll come back to me
I need your love
Every day seems forever without you
I need your love
Tell me that you'll come back to love me
