To be completely honest, it scares me to imagine
What life would be without you
And for this very reason, I ask you to forgive me
What I'm putting us through

Although there's so many things
Against us, I've decided

That I'm not giving you up, no, no
No, I'm not giving you up, no
No, I'm not giving you up

Thinking back, I see what we have is something
different
I think we've known all along
So how fair would it be to divide this love's existence
Between what's right and what's wrong

And you, always wondering if we'll make it
Time will tell you

That I'm not giving you up, no, no
No, I'm not giving you up
No, no

We'll find a way to be together
However long it takes, wherever
If it means having you for only a moment
A moment just might be enough

I'm not giving you up, no
No, I'm not giving you up

Screaming in the silence the promises we've spoken
Come back to haunt me, false and broken
Quiet desperation to see we're lost forever
Searching for water in this desert

No, I refuse to have to do
Without your kisses

I'm not giving you up, no, no

No, I'm not giving you up, no, no

We'll find a way to be together
However long it takes, wherever
If it means having you for only a moment
A moment just might be enough

I'm not giving you up, no, no
No, I'm not giving you up, no
I'm not giving you up
