[Chorus:]

When the sun is setting in the sky
Everybody knows it's party time
And when the moon is rising high
I'll be yours I know you will be mine
Party time, Party time, Party time

All day the world goes round and round
You can feel the changes coming down
It doesn't matter who you are

With love to give
You will go far

We see the treasures all around
And burn ourselves into the ground
Everyone's trying to survive
We're not just born to be alive

[Bridge]

I know what I feel inside is true
You now, every road I follow's
Leading me to you

[Chorus]

[Bridge]

We live our lives in mystery
While everything is meant to be
No reason here to wonder why
All that we seek is in the sky
You are the one I want to hold
I feel you deep inside my soul
Only your love will set us free
This night belongs to you and me

[Bridge]
