Sometimes it's hard to make things clear
Or know when to face the truth
And I know when the moment is here
I'll open my heart and show you inside
My love has no pride I feel with you
I've got nothing to hide

So open your eyes and see who I am
And not who you want for me to be
I am only myself, myself

I don't wanna lose you now
We're gonna get through somehow
I don't wanna lose you now or ever
Baby I've finally found
The courage to stand my ground
But if you want me, I'll be around forever

We all make mistakes, we all lose our way
But we stood the test of time and I hope
That's the way it will stay
It's all up to you, to tell me to go
'Cause it won't be me to walk away
When you're all that I know and I know that

I don't wanna lose you now
We're gonna get through somehow
I don't wanna lose you now or ever, never
Baby I've finally found
The courage to stand my ground
But if you want me, I'll be around forever
Forever, yeah yeah

Don't wanna lose you, lose you now
Gonna get through somehow
Don't wanna lose you now
Don't wanna lose you, don't wanna lose you
