(Translation:

(Tradicié«‡)

I'm so happy, yes sir  
Here with all my people  
And with great admiration  
I offer this celebration of my roots  
I bring you this guaguanco (another typical Afro-Cuban  
rhythm)  
So you'll never forget this unusual rhythm  
And to awaken your pride in your origins  
I'm so happy, yes sir  
From my cuba to all the world  
I don't know how it began  
But to whoever invented it  
I now offer this tribute  
And although time will pass  
It's our responsibility, through song  
To serve as an education and  
To continue the tradition

May the tradition continue )
