If I see you again  
You might understand the way  
That I feel  
Though time after time I try  
To explain the feeling was so real  
And I want you to know time hasn't changed  
When I was loving you then  
The breeze of your lips  
The warmth of your hands  
One touch and I'm flying again  
I can't go on without you  
Feeling this way about you  
I just can't learn to live  
Without your love

All I wanted from life  
And learned about love was  
Much better beside you  
And I just can't forget  
Learning to cry  
The day I found out that  
I had lost you  
Though love is a game  
And games always end  
I just can't think of you  
As a memory  
All the days that you cared  
All the love we once shared

Inside I can't seem to forget you  
And can't go on without you

Feeling this way about you  
I just can't learn to live  
Without your love  
I can't go on without you  
Feeling this way about you  
I just can't learn to live  
Without your love  
Though love is a game  
And games always end  
I just can't think of you

As a memory  
All the days that you cared  
All the love we once  
Inside I can't seem to forget you  
I can't go on without you  
Feeling this way about you  
I just can't learn to live  
Without your love  
I can't go on without you  
Feeling this way about you  
I just can't learn to live  
Without your love
