Your eyes look sad tonight
They look like they've been
Crying for a long time
Is it in my mind or is it really true
Can I help somehow to make you smile again
And chase your hurt away
Or will it stay
Your eyes look sad tonight
I've seen that look before
It always means goodbye
Don't say another word
You don't have to stay

Why don't you walk away
Your eyes look sad tonight
I've seen that look before
It always means goodbye
Don't say another word

Your eyes look sad tonight
Could they have cried for me
Your eyes look sad tonight
I've seen that look before

It always means goodbye
Don't say another word
You don't have to stay
Why don't you walk away
Your eyes look sad tonight
I've seen that look before
It always means goodbye
Don't say another word
Your eyes look sad tonight
Could they have cried for me
