Waking up's to dream about last night
Needing to touch you once more
Wondering what's happened to this broken heart of
mine
I feel it beating so strong, feels like something so ?
Still without you I can't live
You're all I have
Please don't take your love from me
You're all I have
You're my life, my destiny
You're all I have
My only reason to believe
You are my heaven, my hell
Still you're all I need to live

Wondering through memories with you
I know, the love never die
I'm stepping out of loneliness
This time for good
I need to have you again
We're more than lovers or friends
Still without you I can't live
You're all I have
Please don't take your love from me
You're all I have
You're my life, my destiny

You're all I have
My only reason to believe
You are my heaven, my hell
Still you're all I need

You're all I have
Please don't take your love from me
You're all I have
You're my life, my destiny
You're all I have
My only reason to believe
You are my heaven, my hell
You're all I have
Please don't take your love
From me

You're all I have
You're my life, my destiny
You're all I have
My only reason to believe
You are my heaven, my hell
You're all I have
