Gloria Gaynor
"Anybody Wanna Party?"

Ah ahhh party party
Ah ahhh party party
Ah ahhh party party
Ah ahhh party party

Love, sweet love won't you be good to me?
You could set me free
Come on, set me free
We could dance 'neath the pale moonlight
Feeling good tonight
Feeling good tonight

Please somebody's got to get me to the action
Some satisfaction is what I've been searching for
Got to find myself a happy situation
Some celebration
Somebody who calls for more

Anybody wanna party down tonight?
Anybody wanna party?
Anybody wanna party?
Anybody wanna party down tonight?
Anybody wanna party?
Anybody wanna party?

Hey hey
Get down

It'd be nice to realize a little romance
I could dig some slow dance
I could dig some girl-meets-boy
Can't put too much time in searching for some reason
Must be the season
For doin' that jump for joy

Anybody wanna party down tonight?
Anybody wanna party?
Anybody wanna party?
Anybody wanna party down tonight?
Anybody wanna party?
Anybody wanna party?

Love sweet love won't you be good to me?
You could set me free
Come on, set me free
We could dance 'neath the pale moonlight
Feeling good tonight
Feeling good tonight

I'm a person with a passion for some livin'
Can't help givin' my body a real good time
I'm a sucker for the music and the laughter
I know right after
That lovin' is soon sublime

Anybody wanna party down tonight?
Anybody wanna party?
Anybody wanna party?
Anybody wanna party down tonight?
Anybody wanna party?
Anybody wanna party?

Hey hey
Get down (Anybody)
Get down get down (wanna party)
Get down get down
Get down (Anybody wanna party)
Get down get down
Get down get down
Get down

Anybody wanna party down tonight? (Anybody)
Anybody wanna party?
Anybody wanna party?
Anybody wanna party down tonight?
Anybody wanna party?
Anybody wanna party?

Ah ahhh party party
Ah ahhh party party
