If I should stay I would only be in your way  
So Iâ€™ll go but I know Iâ€™ll think of you  
Every step of the way

And I will always love you  
I will always love you  
Oh you, my darling you, you

Bittersweet memories  
That is all Iâ€™m taking with me  
So goodbye, please don't cry  
We both know Iâ€™m not what you need

And I will always love you  
I will always love you  
I will always love you

I will always love you  
I will always love you  
I will always love you  
My darling, I will always love you  
I will always love you
