Here we are, alone again  
I'm in your arms again, and it keeps on getting better  
Well I don't need to read your mind  
'Cause baby in your eyes, I can almost see forever

But before you go too far, before I fall too fast  
Baby you should know, I need love that's gonna last  
You gotta promise to be here, through the laughter and  
the tears  
Let me know that you're mine, every day and every  
night

'Cause there's just no other way to love me  
Take my heart, take my soul, baby never let me go  
No, there's just no other way to love me  
That's the way it should be, if you gonna fall in love  
with me  
'Cause there's just no other way to love me, no no no  
no

Let me show you how much I care  
And baby I swear, I'll be right there when you need me  
But I gotta know that you'll always be true  
(Always be true)  
That you're gonna see this through, and give your  
heart completely

I wanna feel it when we kiss, believe when we touch  
Baby don't just say you love me, 'cause words are not  
enough  
I wanna see it in your eyes, believe it deep inside  
I gotta know you'll be here, every day and every night

'Cause there's just no other way to love me  
Take my heart, take my soul, baby never let me go  
No, there's just no other way to love me  
That's the way it should be, if you gonna fall in love  
with me, oh yeah  
'Cause there's just no other way to love me

I will never ask for more than I'll give to you  
(Gonna give me everything)

But I gotta know that my heart is true  
Every day  
(Every day)  
Every night  
(Every night)  
For the rest of your life

Commitment baby that's what I need  
A heart that belongs only to me

I wanna feel it when we kiss, believe when we touch  
Baby don't just say you love me, 'cause words are not  
enough  
I wanna see it in your eyes, believe it deep inside  
I gotta know you'll be here, every day and every night

'Cause there's just no other way to love me  
(Love me, love me, love me)  
Just no other way to love me  
(Love me, love me, love me)

'Cause there's just no other way to love me  
(No other way to love me)  
Take my heart, take my soul, baby never let me go  
(Never let me go)  
No, there's just no other way to love me  
(No other way to love me)  
That's the way it should be if you gonna love me

'Cause there's just no other way to love me  
(No way no way)  
Take my heart, take my soul, baby never let me go  
(Never let me go)  
No, there's just no other way to love me  
(Baby)  
That's the way it should be, if you gonna love me  
(That's the way you love me, if you gonna love me)

'Cause there's just no other way to love me  
(Love me)  
Take my heart, take my soul, baby never let me go  
(That's the way you love me)  
No, there's just no other way to love me
