(Check it out, check it out, this love affair)

One - it's on the money, two - it's in full stride

Three - we've got each other, so there's no need to
hide

Honey, this love affair has gotten to where I want it

This love affair, I'm so proud to own it

Oh this love affair is in the right direction

This love affair is under love's protection

Four - we're getting over, five - we've got it made

Six, let's pray forever, this love will never fade

'Cause it's a miracle there ain't no doubt about it

This love affair, I've got to talk about it

Oh this love affair is in the right direction

This love affair is under love's protection

For the first time in my life I can see clear the skies

So let's soar them like two eagles and fly so high

Seven - bound for heaven, eight - we're at the gate

Nine - we've got their blessings, ten - we're perfect
mates

Honey, this love affair has gotten me where I want it

This love affair, I'm so proud to own it

Yeah yeah

Yeah yeah.....

This love affair, Oh oh

Seven - bound for heaven, oh well eight - we're at the
gate

Nine - we've got their blessings, ten - we're perfect
mates

Honey this love affair is in the right direction

This love affair is under love's protection

Woah this love affair > fade is in the right direction

This love affair.....
